

# Power out at CallT2 and NetApp maintenance at SDSC

As of 12:00pm PDT:

- All systems are powered on
- website DNS entries are still being restored
- We expect that everything will be back online and ready for end-user validation at approximately 1:30pm PDT

As of 10:45am PDT:

- stage.nitrc is up
- docushare is up
- mail server is up, mail should start coming in
- websites are coming back up

As of 10:30am PDT:

*Power has been restored as of about 10 AM; FM reported successful completion of their work and have left Atkinson Hall as of ~10:30 AM.*

*=Tad*

*Tad Reynales, Manager*

*Technology Infrastructure*

*CALIT2 @ UC San Diego*

As of 10:10am PDT:

- Power has been restored at CallT2 and we are starting to bring systems back online

As of 9:51 am PDT:

- Websites hosted at CallT2 are being redirected to <http://maintenance.crbs.ucsd.edu>

As of 9:43 this morning:

- Mail to <username>@ncmir.ucsd.edu is being delayed
- Websites are down, but we are attempting to redirect them to a maintenance page
- All CAMERA resources have been shutdown
- All CRBS resources hosted at CallT2 have been shutdown
- NITRC stage has been shutdown.
